

As I'm laying here it's hard to focus on this. I'm writing a letter to Ellsworth and one to Merrey Corp. board about how I feel, gut level (that was my assignment, and it's a tough one) about all this stuff that's going on.

Dear Ellsworth,

8/8/93

How do I feel, I feel angry!
nobody should ever be put in the position to take legal action against their biological fathers. You know what, I know that the Lord, my Heavenly Father, my Daddy and Abba, He is so grieving over this, a Father himself the Father, and I know that He is angry too. What a pathetic position I am in! I will do what's right, the Lord will give me strength and I know He won't put me ~~in~~ into any situation that He won't provide what I'll need to get thru it, the courage, the heart strength, the loving support, ~~the~~ the help, the hugs, and the material things, like a lawyer and good judge or evidences, and stuff like that. Actually, this is kind of hard to figure out what I'm feeling ~~about~~ about it all, I think maybe I need to talk it out a ~~few~~ few times.

I know I don't want to be quiet anymore. In a way, it's almost like I want to justify ~~myself~~ (I'm not sure that's the word (mean)) myself. I want to say, this happened ~~he~~ di

it, I am very injured and handicapped, and that is why, I am innocent, it is his fault, I will fight and I will try hard and I will sweat and try and go through physical therapy and rehabilitation to learn how to walk and move and go through the pain as the internal infections are cleaned out once and sometimes ~~or~~ several times, then the shock, thru ~~the~~ all that stuff (hitting is it the physical analogy of like someone getting hit by a semi truck going 80 mph etc.) because I chose to, I want to,

I don't want to cover up or be silent, that just helps others - and him to get away with more abuse! I want people to be warned, I want people to know that "perfect, "Christian", good standing men" can be very very dangerous. I want people to be aware, I want ~~the~~ light to expose the darkness - truth to expose the darkness, ~~so~~ so people won't be ignorant. I want to also prove that ~~you~~ didn't win me, ~~that~~ I can stand up against it and defend the fact that I am not and never was crazy - I told the ~~truth~~ and nobody helped me, nobody cared, ~~he~~ lied, ~~you~~ covered it all up by hitting me more, and so did Josephine and others, You keep sailing on by so smoothly and hardly having any consequences at all that affect you that you don't manipulate yourself out of, Except for this past year, and ~~now~~ you kicked out again - You trained them well, they

Seem to be whimping out, either that or they wanted to protect you all along. That just totally frustrates me. I know that the Lord knows, and vengeance is His, but it still is hard to ~~still~~ be stuck with blame and guilt, and "she's a waste and crazy and a mess" while you sit there and seem to ~~gloat~~ to me. I know you are abusive to others - you verbally abused and manipulated ~~Passi~~ into a mess so you could control her too - but oh will I be mad if I find out you are abusing other children. You stand for my Lord, how despicable to me.

A child should never fear dying and going to Heaven - being afraid I would ~~die~~ ~~and~~ die and be stuck in heaven alone with you for eternity, and Josephine would go to hell. No - me I'd want to be with her either, really, but I do wish she and you ~~you~~ could go to Heaven, but then you'd be different people with changed ~~hearts~~ hearts, cuz that's the only way to get to Heaven is the Jesus in your heart.

Dear Mercy Corps board members,

Basically, I'm kinda angry at you too, because I fear that I have been used by you and exploited once again when I tried to trust. I really hope that isn't

entirely true, but I do feel it may be at least partially true. What is your intention? This "to get to the truth" bit I'm not buying anymore. You've gotten to the truth. You were there from the beginning, ~~now~~ you're there with testimony and evidence, now - What is your purpose, what is your intent? Who are you protecting really - Mercy Corp I know, but what does that mean to you to protect Mercy Corp?

The times when I feel the most free I was used and exploited by you are the times when I feel like calling up

KATU and the Oregonian. Sometimes it seems like the only place where you can't manipulate and use and stuff. When it comes to your reputation - that is your weakness. When ~~it's~~ all ~~this~~ this is hidden in the dark, and much is missed, it is easy to do your ~~manipulation~~ manipulation, you are not accountable to anybody, nobody "significant" to you is watching. If it was open, if we ~~let~~ let some spotlight shine on this, they you couldn't get away as easily with manipulation and ~~exploitation~~ exploitation because you would be accountable to those watching, they might see your deeds, or pry and investigate and discover your deeds.

~~darkness~~ Those who aren't doing what is right, who have something to fear are those who want to stay hidden in the darkness - they don't want to expose themselves for the world to see 'cuz then they'd hurt their reputations.

It all is sort of sickening to me. Brown men with so much power, yet you are so weak and so afraid.

And then there is little me. I am hurt and fragile and puny in your world. But I am seemingly more courageous ~~than~~ in the truth than 3 Christian men with power and prestige. In my weakness, He is strong. "His grace is sufficient for me, for His power is made perfect in weakness" 2 Cor. 12:9
